selection of employees and volunteers. "The virtus training program implements safety mechanisms that send a message to all abusers and potential abusers: Child Abuse is not tolerated. Children are vigilantly protected. Victims are listened to, heard, and shielded from further abuse. And offenders are identified and punished." – Virtus Website

All employees and all volunteers who work with children and young people must fulfill this compliance requirement. [Book II The People of God, Part I, Policy 603.3] **Anyone employed two months or longer who has not attended Protecting God's Children cannot continue to work or volunteer in the Archdiocese of Chicago.**

Participants must be present for the entire training session to receive credit for attendance.

All Archdiocese employees and all volunteers who work with children create and maintain an online account with Virtus when they register online to take the training. After attending Protecting God's Children for Adults training (must attend within 60 days of being hired) submit the certificate of attendance to the location you work/volunteer at, and continue the monthly ongoing education through online training bulletins posted to their online account.

- **If you have never taken training: [Click here to find and preregister for an upcoming training session](#) and create a new account.**
- If you have already taken training for the Archdiocese of Chicago: Log in to your account at [www.virtusonline.org](http://www.virtusonline.org) and make sure it is approved, activated, and updated with your current location, role/title, and personal information.
- If you have taken this training in another diocese: Contact the diocese you took the training in and confirm that you have established an approved and active account with them. Then contact Virtus at 888-847-8870 to have your account transferred to the Archdiocese of Chicago and updated with your current location, role/title, and personal information.
